Experience

Vocational

Karma **London**
Software Developer *Jan 2017–Oct 2019*
Wide-ranging experience of leading multiple types of projects - including web apps, mobile games and internal tools. Responsible for hiring new developers and working alongside them to bring them up to speed.

Projects at Karma
- Live streaming microsite for Saks Fifth Avenue Christmas Light Show with Disney:
    - On the day of the stream, users could switch between several live feeds to choose their desired perspective
    - Before the stream, users could select from a grid of pre-show teaser videos
    - Backend control panel allowed producers to upload slates with images, videos or a live countdown and push one to live so that users could see it in real time
    - Used the MeteorJS framework
    - Deployed on AWS Elastic Beanstalk for scalability, with content served from a CDN for high availability

Education

Hull College **Hull**
BTEC Level 3 Software Development, Triple Distinction *2011–2013*
